The Neomounts by Newstar KEYB-V200BLACK is a universal mount for keyboards and mice. The product can be installed on an existing wall-, ceiling-, or desk mount that has a VESA hole pattern of 75x75mm or 100x100 mm.

Select the wall-, ceiling or desk mount you need and combine it with the KEYB-V200BLACK keyboard and mouse holder. The mount has been arranged both for left - and right-handed users. Any keyboard and mouse can be placed on this bracket.

The plate is 65 cm wide and has a depth of 21 cm. The height of the vertical strip is 33 cm. On the back of the vertical strip are holes to organize both monitor and keyboard/mouse cables in a tidy way. Maximum carrying weight is 2 kg.

By using an ergonomic keyboard/mouse mount neck- and back complaints can be avoided. Ideal for use in offices and on counters or in a reception area.

All installation material is included with the product.
