Item no.:

## 520-05

EAN:

This mouse mat is a good investment, as it gives you more precise control of the mouse. It helps both with old-fashioned ball mice and the more common optical mice, because the uniform mat design gives you more even control. The mouse mat also helps limit the amount of dirt that can collect inside ball mice over time. Finally, the softer mat is more comfortable to work with and its black colour makes it look good on your desktop.
