Packaging dimensions

- Packaging type: Carton
- Number of products included: 1
- Type of shelf placement: Both
- Packaging dimensions (W x H x D):
24 x 32 x 9.5 cm
- Gross weight: 0.837 kg
- Nett weight: 0.515 kg
- Tare weight: 0.322 kg
- EAN: 48 95229 11222 3

Outer Carton

- Number of consumer packagings: 3
- Outer carton (L x W x H): 30.5 x 25.5 x 31.5 cm
- Gross weight: 2.92 kg
- Nett weight: 1.545 kg
- Tare weight: 1.375 kg
- GTIN: 1 48 95229 11222 0

TAE8005BK/10

Highlights

Every movie, every show

Two rechargeable batteries give you 6 hours play time each, for a total of 12 hours. 14.8 mm drivers deliver clear sound. If you'd like things a little louder, simply turn the left/right balance control knob in either direction to increase sound in the corresponding ear.

Always clear sound

These wireless headphones boast interference-free sound with no latency. They turn on automatically when you put them on, and automatically select the best available connection. You won't have to adjust anything, and you'll always get the best sound.

Preset sound modes

Extra Bass, Extra Treble and Voice modes let you select the sound that's most comfortable for you. When you want to hear what's going on around you, Awareness Mode shuts off the TV or input audio and amplifies environmental sound.

Light and comfortable

These wireless TV headphones sit comfortably in your ears, and are particularly useful if you wear glasses. Three styles of interchangeable rubber earbud covers let you choose your perfect fit for excellent passive noise isolation.

Any TV

The included optical and 3.5 mm audio cables let these headphones connect to almost any TV. Whatever you're into, from series to movies, bring the sound closer, louder, and clearer.

40 m wireless range

Charging time for each headphone battery is just 3 hours. If you keep the spare battery in the charging cradle, you'll always be ready for another episode. Auto on/off means these headphones will turn off automatically when you remove them from your ear.
